Internal Medicine Coding Alert

Use This Handy Chart to Update Your Current Sleep-Disorder Diagnoses

Match the current codes with the ones you'll be using in a few months

You can jump start the process of learning the new sleep-related diagnosis codes if you clip and save this cheat sheet. Remember that as of Oct. 1, you will have to look beyond the revised "unspecified" 780.5x series to the detailed 327.xx ICD-9 codes. ❌
