

Part B Insider (Multispecialty) Coding Alert

3 CMS Sites Provide Info On Medicare Services, Plus Training Opps

If you're still trying to decide whether to enroll in the Competitive Acquisition Program (CAP) for Part B drugs, then you can get more information online. CMS updated the CAP information page with addresses for submitting your enrollment form, plus a recording of a teleconference with the CAP vendor. Get the scoop at

www.cms.hhs.gov/CompetitiveAcquisforBios/02_infophys.asp.

Also, you can get a refresher course on Medicare preventive services online by taking the Web-based training course at <http://tinyurl.com/m8uo2>. The course includes information about new preventive services, such as the Welcome To Medicare benefit and diabetes and cardiovascular disease screenings. It also covers diabetes self-management and other screenings.

Need a Medicare primer? You can read the new and improved **Medicare Physician Guide** on the Web at www.cms.hhs.gov/MLNProducts/MPUB/list.asp. The guide will be available in print form in July.
