

## **Part B Insider (Multispecialty) Coding Alert**

### **In other news**

Want to get up-to-speed on therapy functional reporting? CMS is holding a National Provider Call on Wednesday, Dec. 12 to help providers prepare for 2013's new functional reporting requirements for outpatient therapy services -- physical therapy, occupational therapy, and speech language pathology services.

"Preparing for Therapy Functional Reporting Implementation in CY 2013" will run from 1:30pm until 3:00pm, ending with a question-and-answer forum. The call will also cover how to report the 42 new non-payable functional G-codes and seven new severity/complexity modifiers.

Registration is now open. For more information or to register, go to <http://www.eventsvc.com/blhtechnologies>.
