

## Part B Insider (Multispecialty) Coding Alert

### In other news

Looking for answers to your hospice billing questions, and a training resource for employees to boot? An updated educational resource from one MAC may help.

MAC NHIC has revised its Hospice Claims Submission Billing Guide. The 22-page guide offers field-by-field instructions for completing claims.

**For example:** "If revenue codes 0651 or 0652 are present, value code 61 has to be reported with the appropriate Core-Based Statistical Area (CBSA) code for the beneficiary's location," NHIC explains for the required "VALUE CODES" field.

The guide is online at [www.medicarenhic.com/providers/pubs/HospiceClaimBG.pdf](http://www.medicarenhic.com/providers/pubs/HospiceClaimBG.pdf).
