

Part B Insider (Multispecialty) Coding Alert

Keep Billing 99211 With Non-Chemo Injection Codes

The rules haven't changed for non-chemotherapy drug injection codes 90782-90788 -- if you [bill 99211](#) on the same day as one of those codes, Medicare will pay the E/M visit but not the injection, says the **American Society for Clinical Oncology**.

But the new work value associated with drug administration codes hasn't added to physicians' documentation requirements, ASCO notes.
