

Part B Insider (Multispecialty) Coding Alert

Physician Note: CMS Gets in on the Podcast Craze

If you haven't heard, CMS is now offering policy highlights, thoughts, and ideas via podcast.

In its second iteration, "CMS: Beyond the Policy" spotlighted innovation in healthcare, with an episode taped at the CMS Quality Conference in Maryland. This follows the first episode, which covered changes to E/M coding.

You can listen to both episodes of "CMS: Beyond the Policy" at www.cms.gov/podcast.
