

## Eli's Rehab Report

### Clip and Save: See Where All the States Stand in the Direct Access Race

#### Kansas brings the direct access total to 44 states as of May

As you can see below, state legislatures were pushing direct access as early as the late 1950s. If your state isn't shaded, check with your state board on the status of any direct access legislation. But if your state is shaded, that doesn't mean your legislation isn't due for an update.
