### Add These Resources To Your FFE Arsenal

If you're like most, you can use all the help you can get with the new face-to-face encounter burden. Luckily, there are some new go-to resources guaranteed to provide some relief.

Regional home health intermediary **Cahaba GBA** is offering one-page fact sheets about HHA and hospice face-to-face encounter requirements. The HHA quick reference tool is at [www.cahabagba.com/rhhi/education/materials/quick\\_homehealth\\_face.pdf](http://www.cahabagba.com/rhhi/education/materials/quick_homehealth_face.pdf) and the hospice quick reference tool is at [www.cahabagba.com/rhhi/education/materials/quick\\_hospice\\_face.pdf](http://www.cahabagba.com/rhhi/education/materials/quick_hospice_face.pdf).

And NAHC has made available 10 model letters and tools related to the new requirement. The documents at [www.nahc.org/regulatory/home.html](http://www.nahc.org/regulatory/home.html) include model letters to patients and physicians; liability, nonacceptance, and termination notices; and a documentation guide.
