Hospice News: California Sales Rep Sues Hospice Chain Employer

Coronavirus-related lawsuits from employees are underway.

For example: A San Mateo, California employee is suing **VITAS Healthcare** for violating shelter-in-place orders and placing its employees and nursing home staff and residents at risk of Covid-19, according to news outlets. VITAS sales rep **Kristina Eisenacher** says she was encouraged to ignore **Centers for Disease Control and Prevention** guidance and enter nursing homes to make sales calls to physicians and others, the suit alleges.

VITAS didn't respond to a request for comment by press time.
