Hospice News: Know Your FISS Status Codes To Speed Claims Payment

Wondering what's going on with a claim you submitted? Check out your Fiscal Intermediary Shared System (FISS) status code to help figure it out, suggests Home Health & Hospice Medicare Administrative Contractor **Palmetto GBA** in a new article on its website.

For example, status codes P B7501 and P B7505 indicate post-pay review, Palmetto explains.

Tip: Providers cannot make changes to claims in an "S" status location, Palmetto notes.
