Hospice inpatient units continue to proliferate. **Pikes Peak Hospice & Palliative Care** in Colorado Springs, Co. has opened a **Pikes Peak Hospice Unit at Penrose Hospital**, the hospice says in a release.

"This new unit ... is one of the preeminent hospitalconnected inpatient hospice units nationally," said **Donald Schumacher**, president and CEO of the **National Hospice and Palliative Care Organization**, in introducing the facility.

And in El Paso, Texas, **Hospice El Paso** has opened up its first stand-alone inpatient facility, the hospice says in a release. The **Center for Compassionate Care West** is also the city's first hospice inpatient unit, Hospice El Paso says.

The facility is in a former nursing home, the release notes.
