Hospice News: Outreach Guide Tackles Underuse Of Hospice Among Black Patients

Hospices have a new tool to try to address disparities in utilization. The National Hospice and Palliative Care Organization has issued an updated resource, the Black And African-American Outreach Guide.

The topics covered in the outreach guide include disparities in Black/African-American health, outreach as a standard of practice, and strategies for reaching out to Black/African- American communities, NHPCO says. Download the guide at www.nhpc.org/wp-content/uploads/African_American_Outreach_Guide.pdf.
