

## **Eli's Hospice Insider**

### **Hospice News: Put Your Peepers On This Free PEPPER Report Training**

To help you use your new hospice PEPPER report to its fullest, you can now tune in to a recording of Medicare's recent webinar on the topic. The 50-minute WebEx recorded May 16, addressing the new PEPPER reports released in April, is at [pepper.cbrpepper.org/Training-Resources/Hospices/Hospice-PEPPER-Review](https://pepper.cbrpepper.org/Training-Resources/Hospices/Hospice-PEPPER-Review).

You can also download a transcript of the session, and a question-and-answer set that addresses, among other topics, the differences between the site of service codes Q5003 and Q5004.
