

## Eli's Hospice Insider

### Sample Document: Standardize Your Recert Process With This Tool

**You can ensure that you cover all the recertification bases -- here's how.**

You must obtain a brief narrative and proof of a face to face encounter in order to recertify patients for hospice -- and the **National Association for Home Care & Hospice** has made meeting that requirement easy.

Do this: Use the model form below as a guide to create a recert form that works for your hospice and its patients. Access more tools like this one at <http://www.nahc.org/regulatory/home.html>.
