### Inservice Education: CATCH UP ON THERAPY CODING CHANGES FOR 2008

Learn how to cope with the new--and potentially costly--challenges you face with V57.x and other favorite diagnoses, and ask this expert your toughest therapy coding questions.

**"Tackling V57.1 and Other Common Coding Dilemmas."** Ever since HHAs started using V codes, CMS and its RHHIs having been watching for overuse of V57.x (Care involving use of rehabilitation procedures). Here's how to keep your head above water after 2008 PPS changes start Jan. 1. These changes cut the extra payments you currently receive for the most common diagnosis codes therapists have used for the last seven years. **Judy Adams, RN, BSN, HCS-D of LarsonAllen;** Tues.
