Inservice Education: Here's How Your Agency Can Thrive In 2008 And Beyond

Plan now for immediate staff training.

Get the latest information on how to survive the massive changes in the prospective payment system. Sign up for these **Eli** audioconferences to learn without leaving the office:

- **How to Gain the Non-routine Supply Bonus Under 2008 PPS.** The sequence of a diagnosis code can make a difference of nearly \$88 per claim. There's a bonus waiting for you in the non-routine supply (NRS) realm. If you're still unsure about how to gain the best advantage from the changes to payment for non-routine medical supplies, this program is for you Home health billing expert **Judy Adams, RN, BSN, HCS-D, COS-C**; Wed. Aug 20 at 3 pm ET, 60 minutes, http://www.audioeducator.com/industry_conference.php?id=1183 or call 1-800-508-2582.

- **Differentiate Decubitus Ulcers: Diagnosis Tools For Survival in Today's Reimbursement Era.** Keep your wound diagnoses and treatments right on the money and out of court. Surveyors and plaintiff attorneys are having a field day with healthcare providers that have high rates of avoidable pressure ulcers. Nail down the key differences between a pressure ulcer, venous insufficiency ulcer, arterial ulcer, spider bite, MRSA infection or cancer lesion in this 60-minute audioconference. Join wound care expert **Michael Miller, DO**, Thurs. Aug 21 at 1 pm ET, 60 minutes http://www.audioeducator.com/industry_conference.php?id=1136 or call 1-800-508-2582.
