Continuing Education: Hear The Latest And Greatest About Urinary Incontinence, Pressure Ulcer Care

Get a 15 percent discount on your next audioconference.

Incontinence affects more than half of all residents in long-term care and aging facilities. The good news is that it can be treated and often cured, if your facility uses the correct incontinence management techniques. Listen to **Top-Notch Incontinence Tips & How to Stay F315 Compliant** presented by **B.J. Collard** on Aug. 22, 2007 to find out how.

If you're like most nursing home providers, pressure ulcers top the list of your patient care challenges. Surveyors are scrutinizing your pressure ulcer management like never before--and pressure ulcers are an increasingly common reason for litigation.

Cure your pressure ulcer headaches by taking advantage of the expertise of **Dorothy Doughty, MN, RN, CWOCN, FAAN**, nationally-known pressure ulcer specialist who will present **7 Ways to Recover Your Pressure Ulcer Program** on Sep. 6, 2007. **Learn more:** <http://www.audioeducator.com/>

Bonus: To register, call 1-800-508-2582 or visit www.audioeducator.com. Mention code 15%OFFAUDIOHH for 15 percent off the cost of your audioconference.

Also: Get ready to earn free 3.75 contact hours in nursing continuing education by taking and submitting the test included in the online version of the next MDS Alert. You can access issues online as part of your free Online Subscription Service. If you haven't signed up for this value-added service, call 1-800-508-2582.
