

## **MDS Alert**

### **WHAT DO YOU THINK? Do You Code a Bath Lift at G6d (Lifted Mechanically)?**

Question: A resident requires a bath lift. Would staff code that at G6d ?

Answer: Lifted mechanically refers to the resident being lifted by a mechanical device (e.g., mechanical lift). It does not include a bath lift. Source: RAI User's Manual for MDS 2.0, chapter 3.
