

OASIS Alert

Homebound Status: HOMEBOUND ALGORITHM BOLSTERS HHAs REIMBURSEMENT CLAIMS

If your intermediary insists that one of your patients doesn't meet Medicare's homebound criteria, but you believe otherwise, this decision tree could help you prove your point. (See related story, article 1).

If your intermediary insists that one of your patients doesn't meet Medicare's homebound criteria, but you believe

otherwise, this decision tree could help you prove your point. (See related article # 1).
