

OASIS Alert

Inservice :JOIN AN OASIS C TRAINING EXPERT TO JUMPSTART YOUR EFFORTS

Here's one more pressure ulcer risk you may not have considered.

Pressure ulcers are always a concern, but will become more so when OASIS C arrives. You can combine these two topics for a power-packed inservice plan.

- **Hold that Medication: Recognize the Risk of Pressure Ulcers Before You Medicate.** Tues. June 9, 1 p.m. ET. Don't underestimate what some well-intended medications can do to increase pressure ulcer risk -- especially with OASIS C around the corner. **Wayne Atkinson** will share practical tips on risk reduction strategies and procedures your HHA can implement to improve physician communications concerning patient risk reduction. More information is at www.audioeducator.com/industry_conference.php?id=1469 or call 1-800-508-2582.

- **Survive the Overhaul of OASIS C with Proactive Preparation Strategies.**

Thurs. July 9, 1 p.m. ET. The biggest change to OASIS in over a decade is scheduled for implementation in January. Join expert OASIS trainer **Patricia Jump** to get tips on how to accurately answer the new and revised OASIS questions, as well as learn about the new process measures. More information is at www.audioeducator.com/industry_conference.php?id=1511 or call 1-800-508-2582.

Note: To browse and register for **Eli** home care and hospice audioconferences, go to www.audioeducator.com , and select "home health" from the Industry box. Or call 1-800-508-2582. To receive 15 percent off online orders, use discount code PUBSUB09 during checkout.
