

Modifier Coding Alert

Clip 'n Save: Use These Modifiers On Potentially Uncovered Medicare Services

Keep your ABN-related modifiers straight with this table.

When the physician performs a service that Medicare might not cover, you should ask these questions:

1. Do we have a signed advance beneficiary notice (ABN) on file, if necessary?
2. Did I append the proper modifier based on the encounter notes?

Use this: Check out this table aimed at making it easier to file clean claims for potentially uncovered Medicare services.
