St. Louis is a fabulous place to visit, with something for everyone! The world renowned St. Louis Zoo, the Art Museum and the Missouri History Museum all began on what was once the site of the 1904 World's Fair grounds, now known as Forest Park. Just a few miles away, the Missouri Botanical Gardens delight and amaze visitors with spectacular displays of nature at its best. Highlighting the city skyline is the Gateway Arch, "Gateway to the West". St. Louisans love their sports! The city is home to the Cardinals, the Rams, and the Blues. People travel from around the world for health-care at area universities and medical centers. These top ranked institutions excel in research, transplants and innovative, cutting edge technology. Whether in St. Louis to work or play, take time to explore some of what our great city offers. Welcome… come back soon and often.

The Columns Banquet & Conference Center is conveniently located at I-70 and 5th Street.
Just a few blocks away, visitors can stroll the well-lit cobblestone streets of Old Towne St. Charles. Quaint shops and restaurants line the streets of this historic community. Walk along the banks of the Missouri River, where Lewis and Clark began their expedition over 200 years ago.
